Hardwick
Middlesex
Montpelier
Orange

Plainfield
Tunbridge
Walden
Washington
Williamstown
Woodbury

CVSWMD residents may attend any collection in any town.

Paint, Battery, Fluorescent & CFL Bulb Collections are FREE

These programs are funded through Extended Producer Responsibility (EPR) programs; staff and equipment costs are subsidized by CVSWMD.

Please follow these guidelines for the PBF collection:

- Paint must be in identifiable cans. All paints & stains (except spray paint) will be accepted as long as the original label is still present. If label is missing take to a HHW collection. Paint thinners, solvents, and spray paint also go to HHW collections.
- Non-alkaline battery ends must be taped or the batteries must be individually bagged for safety reasons.
- Broken fluorescent bulbs should be double bagged.

Want a complete list of what to (or not to) bring to a paint collection site? Go to www.paintcare.org/products-we-accept/

Household Hazardous Waste - Fee \$20 per carload

Why is there a fee?

Household Hazardous Waste is expensive to dispose of. CVSWMD must contract with a company specifically trained to handle hazardous materials. The fee we charge during our collection events is a small fraction of the total per-car expense. CVSWMD subsidizes the rest of the cost.

What is household hazardous waste?

Look for the words "Danger," "Poison," or "Caution/Warning" on the label. If you see any of those words, consider it hazardous waste.

Examples include:

Bleach products (including tub, tile & toilet cleaners and laundry soaps), drain openers, oven cleaners, floor wax, solvents, tar, adhesives, pesticides, aerosols, moth balls, gasoline, kerosene, used or contaminated oil, degreasers, polishes, transmission fluid, brake fluid, spray paint.
