Re: Request for supplemental funding for~  
Rivendell Recreation Association activities

Budget Request: \$1500.00

The Rivendell Recreation Association is requesting that the Town of Fairlee contribute \$1500.00 (which is one quarter of the total budget request of 6000.00 to all Rivendell towns for the recreation and sports programs provided for our K-6 elementary students.

This will be our third year as a Rivendell Recreation Association, we are progressing very well. Our program numbers keep continuing to grow!

We thank you for providing us with funding last year and hope you will be able to offer it again this year. We have many great ideas that we are eager to bring to the children of our community.

Respectfully Submitted,
