All events are held 9 am - 1 pm unless otherwise noted

HHW = Household Hazardous Waste

PBFE = Paint, Batteries, Fluorescent & CFL bulbs and Electronics

*See reverse side for details

May 5	Barre Town Garage/HHW
June 9	Tunbridge Transfer Station/HHW
June 28	Chelsea Rover, PBFE, 5-7 pm (Chelsea Transfer Station**)
July 14	Hardwick Town Garage/HHW
Aug 11	Bradford Town Garage/HHW
Aug 30	Duxbury Rover, PBFE, 5 - 7 pm (Duxbury Town Garage**)
Sept 29	Montpelier, VT Dept of Labor/HHW

*RESIDENTS: Hazardous Waste (HHW) collections: \$20 per car load for residents in district
HHW is \$100 per car load for out of district residents

**Please call ahead to preregister for this event!

Paint, Battery, Fluorescent & CFL bulb and electronics collections (PBFE) are FREE to residents.
We are phasing out PBFE collections because all those materials now have year-round
collections in Vermont. See the back for details!

BUSINESSES and SCHOOLS must call to pre-register and for business pricing

District towns include:

Barre City	Chelsea	Middlesex	Walden
Barre Town	Duxbury	Montpelier	Washington
Berlin	East Montpelier	Orange	Williamstown
Bradford	Fairlee	Plainfield	Woodbury
Calais	Hardwick	Tunbridge	

CVSWMD RESIDENTS MAY ATTEND **ANY** COLLECTION IN **ANY** TOWN.

CVSWMD.ORG | 802.229.9383

PLEASE FOLLOW THESE GUIDELINES FOR THE PBFE SPECIAL COLLECTIONS:

- Paint must be in identifiable cans. All paints & stains (except spray paint) will be accepted as long as the original label is still present. If label is missing take to a HHW collection. Paint thinners, solvents, and spray paint also go to HHW collections.
- Non-alkaline battery ends must be taped or the batteries must be individually bagged for safety reasons.
- Broken fluorescent bulbs should be double bagged.

PAINT, BATTERY, FLUORESCENT & CFL BULB AND ELECTRONICS COLLECTIONS ARE FREE
 These programs are funded through Extended Producer Responsibility (EPR) programs; staff and equipment costs are subsidized by CVSWMMD.

YEAR ROUND COLLECTIONS

We are phasing out PBFE collection events in favor of year-round collection. Paint, batteries, bulbs and electronics all have year round drop-off locations throughout VT. Check out these websites to find a location near you!

HOUSEHOLD HAZARDOUS WASTE - FEE \$ 20 PER CARLOAD

Why is there a fee?

Household Hazardous Waste is expensive to dispose of properly. CVSWMMD must contract with a company specifically trained to handle hazardous materials. The fee we charge during our collection events is a small fraction of the total per-car expense. CVSWMMD subsidizes the rest of the cost. To reduce your fee, combine your load with family, friends or neighbors into one car and split the cost.

What is household hazardous waste?

Look for the words “Danger,” “Poison,” or “Caution/Warning” on the label. If you see any of those words, consider it household hazardous waste. Check cvswmd.org for more details.

Examples include:

Bleach products (including tub, tile & toilet cleaners and laundry soaps), drain openers, oven cleaners, floor wax, solvents, tar, adhesives, pesticides, aerosols, moth balls, gasoline, kerosene, used or contaminated oil, degreasers, polishes, transmission fluid, brake fluid, spray paint.
